QUALITY & SERVICE

WATERSLIDES

Boer specialises in the design and development of waterslides. We offer a wide variety of water slides, from simple family slides to complete waterparks with a wide variety of slides. We have straight slides and bent slides; open slides and tubes, and funnels (open or closed) like the Wormhole and Vortex. These are all available in different sizes as a family slide, for speed or accessible by boats, custom made for you!

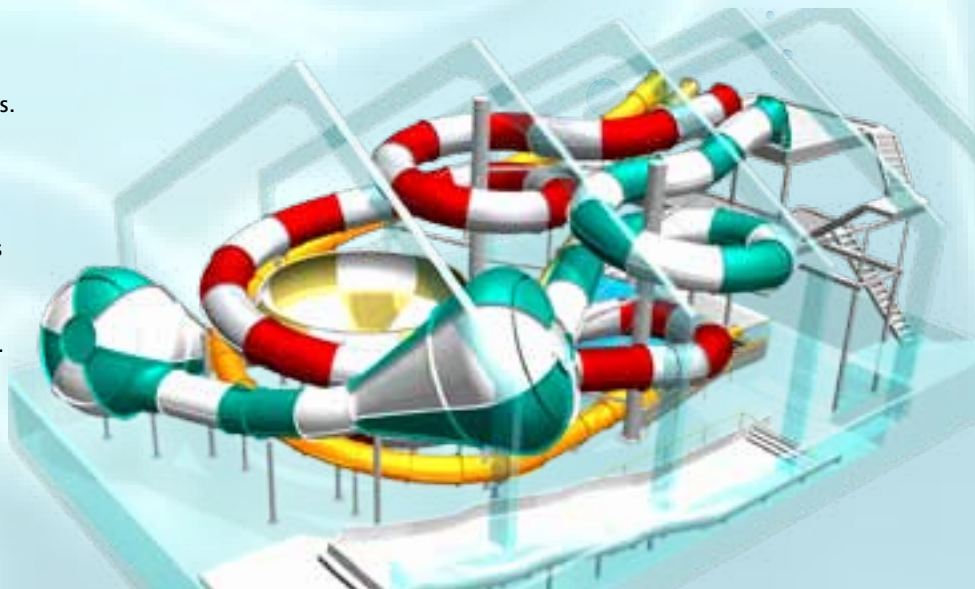

SPRAY PARKS

We offer a wide variety of water playground that your customers will enjoy greatly! The spraying toys are made for interactive pleasure. We offer spraying toys in fiberglass and stainless steel.

INNOVATION

Boer is an innovative and creative company. This shows as we offer you unique attractions. We recently introduced the 'wormhole' slide for a project in Knokke (Belgium) in which we incorporated new interactive features. As we are constantly searching for innovations we make your attraction unique from others.

OUTDOOR THEME DECORATION

We offer custom made theme solutions for water areas. Together with GM-Decor, our sister company who specialises in theming and set designing, we address all pool attractions. Besides our standard range of water sprayers GM-Decor can also make special sprayers to give your park an unique character.

INDOOR THEME DECORATION

Together with a team of creative specialists GM-Decor and Boer can make every fantasy for real. Whatever atmosphere or theme you're looking for, we can design and built it for you as a decoration for your restaurant, decors for you party centre or for your themed indoor (water) playground.

QUALITY AND SERVICE

Boer helps you with service and inspections. Hereby you enlarge the life expectancy of your attractions against lower operation costs. Boer has his own service department, we take care of all necessary inspections and repairs. This way we provide an one-stop-shop for your complete water project, in every stage of his life span.

ABOUT BOER

Boer designs, produces en installs playground equipment, sports equipment, street furniture and water attractions for the public environment and leisure industry. With our sister-company GM-Decor we also have capabilities in theme decoration. This way, Boer contributes to the continued healthy development of children and adults. By offering a large range of products and a large range of service like design, project management and maintenance we are a 'on-stop-shop' for our clients. In 2010 we started a partnership with both Unicef and WWF. Together with these organisations we developed playgrounds in the Netherlands to make children aware of children's rights and wildlife protection. Besides this Boer supports these organisations financially. In this way we work actively on pursuing our corporate responsibility goals.
